CIRM, Polish University Announce Partnership To Improve Stem Cell Treatments

Thursday, November 20, 2014

RELATED TOPICS:

- Health Care Research

On Thursday, the California Institute for Regenerative Medicine and the Medical University of Warsaw in Poland announced an international collaboration designed to advance stem cell treatments. The collaborations aims to better enable researchers in California and Poland to obtain joint funding and exchange ideas related to regenerative medicine.

- "Poland and California Announce International Collaboration To Advance Stem Cell Research Toward Cures" (*Imperial Valley News*, 11/19).
